John,

Following up on our conversation Monday you indicated that your office had some concerns about the language in our draft "General Permit WMGR096: Beneficial Use of Regulated Fill", which is currently out for public comment, and the Management of Fill Policy, which will be advertised in the PA Bulletin tomorrow for public comment. I'm confused as to why there are concerns when we have been talking about this issue since late 2016 and we are using the language that your office provided to us. We spoke with Kelly Bunker in December of 2016 about our interim FP-001 language for clean fill and a conference call was held with Kelly Bunker and Harry Daw on February 28, 2017 to discuss the language we were proposing to use for both the General Permit and Management of Fill Policy. In March 2017, your office provided suggested language for use in both the General Permit and the Management of Fill Policy, as follows:

Hi Harry. For the sake of efficiency, I pulled together all the language from Kelly for the email to Walt. As mentioned, please cc Ali as well.

Please see below.

Thanks!

Hi Harry. Could you please send the following e-mail to Walt at PADEP? I believe that Ali from PADEP has also been cced on messages. Her e-mail is this: altarquino@pa.gov

Thanks.

Hi Walt. As discussed, here is some suggested language for the beneficial use permit and the clean fill policy. Could you give us an idea of the how long the process will take before this language becomes finalized in the permit and policy? Also, once these documents are final, could you also provide us a copy?

Deliberative Process / Ex. 5

Thanks in advance.

Beneficial Use Policy Language:

Deliberative Process / Ex. 5

Clean Fill Policy Language:

Deliberative Process / Ex. 5
